

OFFICERS OF THE ARMY—RESIGNATIONS AND
REAPPOINTMENTS.

LETTER

FROM

THE SECRETARY OF WAR,

TRANSMITTING

A report of resignations and reappointments of officers of the army, &c.

DECEMBER 13, 1842.

Read, and laid upon the table.

WAR DEPARTMENT, *December 10, 1842.*

SIR: In answer to a resolution of the House of Representatives of the 11th of August last, requiring "the Secretary of War to report to the House, at the next session, the number of resignations in the army since the 1st of January, 1834, and the causes of resignation, as far as known, how many of the officers who resigned were educated at West Point, and whether any of them have been restored to the army, and to what stations, giving the names of the officers and the dates of resignation, and the amount of money paid each for any time or any cause after the resignation and before their restoration, and which of said officers were educated at West Point," I respectfully transmit, herewith, reports of the Adjutant General of the army, of the Colonel of the corps of Topographical Engineers, and of the Second and Third Auditors, which, it is believed, contain all the information required by the resolution, as fully as it can be furnished by this Department.

Very respectfully, your obedient servant,

J. C. SPENCER.

HON. JOHN WHITE,

Speaker of the House of Representatives.

WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE,

Washington, November 16, 1842.

SIR: Conformably to the resolution of the House of Representatives of August 11, 1842, calling for the names and number of the officers of the

army who have resigned their commissions "since the 1st of January, 1834, and the causes, as far as known," referred to the Adjutant General, I respectfully submit the tabular statements, A, B, and C.

Table A contains the list of all resignations from January, 1834, inclusive of this date, from which it appears that the number in each grade is as follows, to wit: 3 colonels, 3 lieutenant colonels, 2 majors, 57 captains, 105 first lieutenants, 78 second lieutenants, 26 brevet second lieutenants, 4 surgeons, 25 assistant surgeons, 4 paymasters, and 1 military storekeeper—total 328. Of this number, 221 were graduates of the military academy, and 107 appointments from civil life.

Tables B and C contain the names of all the officers who had resigned, and were subsequently "restored," or *reappointed* to new commissions, in some cases to a higher grade than their former rank, and sometimes to the same grade. B is the list of the graduates, (16,) and C of those who had been taken from civil life, (4)—total 20. The names of the persons reappointed will be found also in the first table (A.)

In connexion with the foregoing information, I deem it proper respectfully to state, that during the same period (since January, 1834) the records show that one hundred and ninety-four commissioned officers of the army have *died* in service, of which number 20 were killed in Florida, and 45 died in campaign—total in Florida, 65 officers.

Respectfully submitted.

R. JONES,

Adjutant General U. S. Army.

Hon. J. C. SPENCER,

Secretary of War.

NOTE.—The name of Anthony Drane is not included in the annexed tables, in consequence of the decision of the Executive, that he never resigned his commission of 1st lieutenant in the 5th regiment. The facts in his case are fully stated in House document No. 459, 2d session 27th Congress, March 24, 1842.

R. J.
